## THE MOST VERSATILE DC PUMP AVAILABLE

**The RD Series Portable Fuel Transfer Pumps are reinventing the way people fuel their vehicles. With the RD12 you get a flow rate of up to 12 gallons per minute, the flexibility of mounting it or holding it by hand, and quick connect DC power, you have the ability to fuel just about anything, anytime, anywhere.**

It's the perfect pump to carry in your truck. Be ready at a moment's notice to fuel your tractor,

backhoe, boat, generator, or virtually any other petroleum powered vehicle or equipment. The RD12 is also ideal for bunded tank applications, where it can be foot or bung mounted. Drain or fill fuel tanks safely in service centers with no spills, and no worries.

The RD series are the only portable fuel transfer pumps that carry CE, ATEX, UL, and INMETRO certifications for use with gasoline, benzene, petrol, diesel, biodiesel (to B20), kerosene, and other fuels

**The RD12 – Fuel transfer when you need it, where you need it.**
